## FIGURE PAINTING with Megan Lightell

Presented by Artist Friends of the Pomerene

Jan 5, 2013. 9am-4pm.

Location: Pomerene Center for the Arts

Limit: 10 adults

Cost: \$100

Painting a live figure model is one of the most challenging and beneficial exercises to expand your skills as a painter. Deepen your understanding of anatomy, proportion, and color as we work in oil on a figurative painting from direct observation. We will have one pose for the day, and participants may choose to work on one canvas or to move throughout the room and work on various studies. Focus will be on building an image through massing, building color harmony, and mixing vibrant flesh tones, as well as composition and achieving a likeness.

*Please complete the simple form below* and send with the Workshop Fee of \$100 made payable to the Pomerene Center for the Arts. Send to 317 Mulberry Street, Coshocton, Ohio 43812
